

∞ PASSION  
TO CREATE

There's nothing I love more as a designer than creating a truly unique experience for someone. Whether it be a well-designed website, a new brand, or a simple ad, being able to reach someone through design is an amazing high.

When not designing, I'm busy being a mom to a 2-year-old, exploring the area with my hubs, playing soccer, enjoying movies & music, or baking goodies.
